

GUT HEALTH SITS AT THE TOP OF THE NEW FOOD PYRAMID

AND REAL FERMENTED FOOD BELONGS THERE

From small-batch roots to microbiome essential,
40 years of Lifeway Kefir perfection!

Lifeway Kefir's Role in the Dietary Guidelines

POWERED BY PROTEIN

Provides a highly bioavailable and complete source of protein to help meet daily requirements, provide satiety and maintain lean body mass.

NUTRIENT-DENSE

A source of healthy fats, vitamins and minerals to support essential body functions, including calcium, potassium and phosphorus, along with A, D, K2 and B vitamins.

SUPPORTS GUT HEALTH

Contains 12 live and active probiotic cultures (50 billion CFUs) to support a well-balanced microbiome, and may benefit skin, digestive, immune and mental health.

ALIGNED WITH DAIRY OPTIONS

Plain Lowfat and Whole Milk Lifeway Kefir options help to meet the 3 per day goal for dairy. Full fat dairy has positive health outcomes as part of a healthy diet.

“When consuming dairy, include full-fat dairy with no added sugars. Dairy is an excellent source of protein, healthy fats, vitamins and minerals”^{*}
- *like Lifeway Kefir!*
